

NET cancer Mom Cycles
Campaign Number Two, 2024
Eight Canals in 32 days/1,000 miles

My goals for this campaign are to:

1. Raise funds for The Healing NET Foundation, specifically for training doctors to diagnose and treat neuroendocrine cancer.
2. Raise media awareness for NET cancer
3. Raise social awareness for diagnosing and proper treatment of NET cancer.
4. Collect stories and pictures of NET patients, with the intent to help them cope, and encourage them in their difficult journey with neuroendocrine cancer. The Healing NET Foundation could use these stories in future publications and social media.
